City Of Taylorsville

BUSINESS, CONTRACTOR'S OR UNLOADING LICENSE

The City of Taylorsville requires that all general contractors provide a list of their subcontractors for each job site. This list should include each subcontractor's name, address, phone, and fax number (form is enclosed for your convenience). As additional subcontractors are hired, updated lists can be mailed or faxed to the attention of Shelia Hardin, Administrative Assistant. This ensures full compliance with Ordinance #290, which requires each contractor/subcontractor to purchase a business license for working in the city.

Failure of the general contractor or subcontractors to purchase a City of Taylorsville business license can result in a stop work order being issued. In order to avoid the delay of a stop work order or interruptions for an officer to check business licenses at the job site, the city is requesting your cooperation in returning the enclosed form.

It shall be unlawful for any person to engage in any occupation, trade, profession or other activity in the city without first having applied for and received the necessary license. If the license fee is not paid prior to engaging in any business or activity, you would be subject to all penalties as listed in Ordinance #290 and /or a court citation can be issued. Your assistance in this matter will be greatly appreciated. If you have any questions you may reach me at (502) 477-3235 Ext. 102 or email me at shardin@taylorsvillewater.org.

Sincerely,

Shelia Hardin
Administrative Assistant
